PROFILE

A motivated and results-driven Bachelor of Commerce in Information Systems student at North-West University, Mahikeng Campus. With a strong foundation in programming, business analysis, and problem-solving, I have hands-on experience in developing software solutions for various industries. I have demonstrated the ability to tackle complex projects, from creating applications for mental health statistics to building systems for ride-hailing platforms. I am passionate about leveraging technology to solve real-world challenges and continuously seek opportunities to expand my skills in business analysis, programming, and systems development.
